SHIPPING, SALES DEPARTMENT AND NURSERY GROUNDS

My packing and shipping sheds are located on my home ranch, 3 miles northwest of Sebastopol, on Occidental Highway. Here we will cater to any customers who may find it more convenient to call here for their needs, although I will maintain a branch salesyard on North Main street, in Sebastopol (next to Postoffice) where a complete assortment will be available throughout the planting and shipping season.

Nursery growing grounds located 4 miles northwest of Sebastopol on Occidental Highway.

GRADING

All of my fruit trees are graded by caliper rather than by height. By doing this we are able to give our customers a more uniform grade of trees than by the old method of grading. Trees graded by caliper, when planted in orchard form and cut back, will be of uniform size and much more satisfactory to the planter. The following is the basis of size and caliper measurement for deciduous trees, with the exception of Figs, Walnuts and Pomegranates:

- 6 to 8 grade trees to caliper not less than $\frac{3}{4}$ inch.
- 4 to 6 grade trees to caliper not less than $\frac{1}{2}$ inch.
- 3 to 4 grade trees to caliper not less than $\frac{3}{8}$ inch.
- 2 to 3 grade trees to caliper not less than $\frac{1}{4}$ inch.
- 1 to 2 grade trees to caliper not less than 3-16 inch.

BALING AND PACKING CHARGES

6 to 8 ft. trees, $\frac{3}{4}$ in. and up caliper.....	\$.75 per 100
4 to 6 ft. trees, $\frac{1}{2}$ to $\frac{3}{4}$ in. caliper.....	.40 per 100
3 to 4 ft. trees, $\frac{3}{8}$ to $\frac{1}{2}$ in. caliper.....	.35 per 100
2 to 3 ft. trees, $\frac{1}{4}$ to $\frac{3}{8}$ in. caliper.....	.30 per 100
18 in. to 24 in. trees, 3-16 in. to $\frac{1}{4}$ in. caliper,	.25 per 100
12 in. to 18 in. trees10 per 100
Seedlings30 per 100
Grapevines, baling10 per 100
Berry, Small Fruit, Roses and Grapevines.....	.10 per 100

SHIPPING SEASON

Commences about October 15th and ends May 1st.

TRANSPLANTS SUCKER AND TIP PLANTS

For the benefit of my customers I will explain the difference between Transplants, Sucker, and Tip Plants. The former are plants lined out in the nursery the previous Spring, and grown from tips, dug up in the Spring. These have large branch roots.

Sucker Plants are those grown from roots of the parent plant between these plants, and like the Transplants, are much hardier and larger.

The Tips are grown from the running vines only on trellis varieties and are available only in the Spring. These, while more tender and younger, are much preferred for large acreage plantings, being less expensive, and suitable at that time of season when planting takes place.

FRUIT TREES

In presenting my price list of the various varieties of fruits, I wish to say that while I have been specializing in Berry Culture for many years, at the same time I have been growing other types of fruits of all standard varieties, and have recently enlarge my business to an extent large enough to permit me to list Fruit Trees along with Berries, in order to give my customers a more complete line to select from. All my buds are secured from record producing trees, being specially selected by me, and can be depended upon as being true to name.

DESCRIPTIVE CATALOGUE SENT ON REQUEST.

BERRIES AND SMALL FRUIT PLANTS

Berries are one of the most popular of all fruits, when taking into consideration their great value for commercial purposes, and that they come into bearing the first and second year, enabling the grower to realize an income from his land soon after planting. These are a great specialty with me, and I am engaged not only in commercial production, but have for many years been growing thousands of plants for planting by some of the most successful growers. Being one of the oldest berry growers in the State, I have watched with pride the development of this industry.

TERMS AND CONDITIONS OF SALE

PLEASE READ CAREFULLY BEFORE ORDERING

PRICES—All prices quoted F. O. B. shipping point. Freight and express charges to be paid by purchaser.

TERMS AND REMITTANCES—All stock sold for cash, unless other arrangements are made. Remit by P.O. Money Order, Bank Draft, Express Money Order or Personal Check.

RESPONSIBILITY—All shipments are at the risk of the purchaser, after being delivered in good condition. I will not be responsible for any delay that may occur through the negligence of transportation companies or horticultural inspectors.

PACKING—For shipment will be charged additional. These charges are very nominal. I charge just sufficient to cover cost of material. My packing is done in the best of manner to insure perfect safety in transit. If desired shipped by Parcel Post, please add cost of postage, which is about 5 per cent of value of orders, and any amount left over will be returned.

COMPLAINTS—All errors or claims for shortage must be made within 2 days after receipt of stock or they will not be rectified.

SUBSTITUTIONS—In a mixed order, please state if any substitutions should be made or not, in regard to grade or variety; or I will use my own judgment in selection.

GUARANTEE—While I exercise the greatest care to have all my stock true to name, however, it is mutually understood and agreed to between the purchaser and myself, that should any stock prove untrue, I shall in no case be liable for any greater sum than that originally received for such stock that may prove untrue; besides I will not be responsible for the crop. All orders are booked only under the above conditions.

QUANTITY RATES—Five at 10 rate; 50 at 100 rate; 300 at 1000 rate of any one variety only.

Prices on Ornamental Trees, Deciduous Shrubs, Broad Leaved Evergreens, Conifers, Palms, Perennials. Etc., quoted upon application.
